framework

Integrating trade execution, account management, risk controls and protection
mechanisms within a unified fintech infrastructure.

Redefining Trading with Built-In Protection

Traditional Trading

Beyond efficient trade execution, PumpkinVine creates a complete framework from normal trading and risk triggers to a second-stage trading opportunity

PumpkinVine

An additional layer of protection beyond standard trading

SECOND LIFE: Another Chance When Markets Turn Against You

Not Principal Protection — Opportunity Protection

No promise of profit — but when markets turn against you, you still have another opportunity to trade

Automatic Credit Mechanism

At the defined loss threshold, the credit facility is automatically activated for a seamless transition

“Not a promise of winning — but another opportunity to trade”

Getting Started: How to Activate SECOND LIFE

Minimum Principal $\geq$

1,000

USDT

10% of Principal

10%

Protection Fee

Protection Activated → Begin
Trading with the Original Account

How SECOND LIFE Works

First Withdrawal Ends Protection

How Withdrawals Affect Protection Status

Original Account

Rule 1: The first withdrawal from the **Original** Account **ends SECOND LIFE** protection.

Credit Account

Rule 2: The first withdrawal from the **Credit** Account **terminates** the **credit facility**.

Trading Made Simple. Everything in Clear View

Current Principal

Real-time visibility of your funds

Visual Trigger Indicator

Track progress toward the 80% loss trigger

Estimated Credit Facility

Preview the 50% credit available upon activation

Clear parameters and real-time protection status turn complex risk controls into a simple, intuitive trading experience

Beyond Trading: The Two-Layer Advantage

	Treditional Trading Platform	PumpkinVine SECOND LIFE
At 80% Loss	✗ Liquidation → Trading ends → New funds required to restart	✓ Automatic 50% Credit → Continue Trading
Capital & Risk Management	✗ Single account → Fall-loss exposure	✓ Trading + Protection → An additional risk buffer
Profit Withdrawal	✓ Standard Withdrawals	✓ Credit Account Profits — Withdrawable

10% Protection Fee. 50% Automatic Credit. One More Opportunity to Trade

One More Line of Defense for Every Trade.

Join PumpkinVine and experience where trading meets protection.
